COUNTY ACTION REQUESTED ON: Two County Appointments – Valdosta/Lowndes County ZBA

HISTORY, FACTS AND ISSUES: Mrs. Gretchen Quarterman and Dr. Willie Houseal's three-year term on the Valdosta/Lowndes County Zoning Board of Appeals expired on May 7, 2017. Mrs. Quarterman currently serves as the Vice-Chairman, and has expressed her desire to continue to serve at the Board of Commissioner's pleasure. Her re-appointment is supported by the ZBA. (Please see attachment)

Serving the ZBA for nine (9) years, Dr. Houseal has decided to surrender his seat and pursue other opportunities.

Mrs. Victoria Copeland, Mr. Michael Cooper, and Mr. Mike Elkins have all expressed an interest in serving on the ZBA.

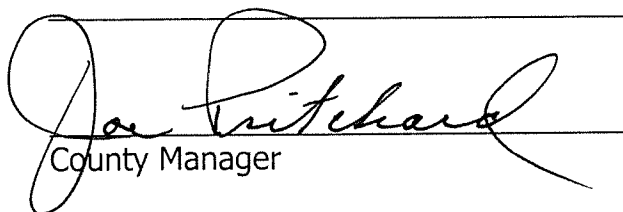

OPTIONS: Board's pleasure

RECOMMENDED ACTION: Board's pleasure

ACTION REQUESTED ON:

REZ-2017-04 Rieffel, Johnson Rd SE
R-1 and CON to E-A, Well and Septic, ~5 acres

HISTORY, FACTS AND ISSUES:

This case represents a change in zoning on a ~5 acre property from Low Density Residential zoning (R-1) and Conservation District (CON) to Estate Agricultural (E-A) zoning. The main motivation for the request is so that the potential owner has the ability to live and have livestock on the subject property. The subject property possesses road frontage on Johnson Rd SE. Johnson Rd SE is classified as a minor collector¹. Typical traffic flow capacity of a minor collector is between 1,500 and 3,000 AADT². Concerning the 2030 Comprehensive Plan Future Development Map, the subject property is within the Rural/Residential and Park/Recreation/Conservation Character Area and is outside the Urban Service Area. Per Comprehensive Plan guidance E-A zoning is listed as a permitted zoning district within both of those Character Areas. Portions of this property are in the 100 year flood zone and are depicted with wetlands. The TRC reviewed this application and recommended/noted the following:

Division with Recommendation	Planning	Zoning	Engineering	Utilities
	Approval with Conditions	Approval with Condition	Approval	Approval
	Health Approval	Fire/Rescue Approval	Inspections Approval	
Recommended Conditions with (Source)	Planning Recommended Conditions 1. The property to the east of the wetland boundary be rezoned to CON. (Planning) 2. The property to the west of the wetland boundary be rezoned to R-A. (Planning) Zoning Recommended Condition 1. The subject property will be rezoned to R-A. (Zoning)			

¹ Road classifications are determined by the Lowndes County Thoroughfare Plan.

² Per GDOT definition the Annual Average Daily Traffic (AADT) is the average number of vehicles that pass by a counter during a 24-hour period in a certain year.

ACTION REQUESTED ON:

REZ-2017-05 Jay Carter
R-A to R-1, Well and Septic, 1.46 acres

HISTORY, FACTS AND ISSUES:

This case represents a change in zoning on a 1.46 acre portion of a ~6 acre piece of property from Residential Agricultural (R-A) zoning to Low Density Residential (R-1) zoning. The main motivation behind the request is to be able to subdivide the subject property for its independent sale. The subject property possesses road frontage on Madison Hwy (SR 31) and Briggston Rd. Briggston Rd is a paved county local road and Madison Hwy (SR 31) is a state maintained minor arterial road. Typical traffic flow capacity of a minor arterial is less than 6,000 AADT, while traffic flow on a county local road is 750-1500 AADT. Per GDOT definition the Annual Average Daily Traffic (AADT) is the average number of vehicles that pass by a counter during a 24-hour period in a certain year. Concerning the 2030 Comprehensive Plan Future Development Map the subject property is within the Urban Service Area and depicted as within a Suburban Area Character Area. Per Comprehensive Plan guidance R-1 zoning is listed as a permitted zoning district within a Suburban Area Character Area. With this request the adjacent residential development and zoning should be considered. The TRC reviewed this application and recommended/noted the following:

Division with Recommendation	Planning	Zoning	Engineering	Utilities
	Approval	Approval	Approval	Approval
	Board of Health	Fire/Rescue	Inspections	
	Approval	Approval	Approval	
Recommended Conditions with (Source)	None			
Other Comments with (Source)	This application is overall consistent with the Comprehensive Plan (Planning).			

At their April regular meeting the GLPC reviewed this request and ultimately recommended for its approval by an 8-0 vote. During the public hearing portion of the request no one spoke for or against the case.

OPTIONS:

- 1. Approve
- 2. Approve with Conditions
- 3. Table
- 4. Deny

RECOMMENDED ACTION: Option #1 Approve

COUNTY ACTION REQUESTED ON: Consideration of Regional T-SPLOST

HISTORY, FACTS AND ISSUES: According to House Bill 170, counties within a Regional Commission District have the option to institute a Regional T-SPLOST. The Georgia Department of Transportation is requesting action to be taken either in favor of or opposed to a Regional T-SPLOST. If ten (10) of the eighteen (18) regional counties fail to get support for a Regional T-SPLOST, then individual counties can initiate an independent T-SPLOST.

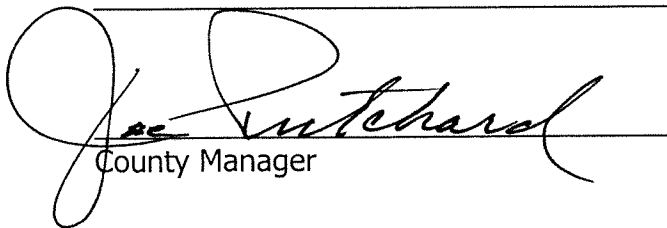

- OPTIONS: 1. Take action to support or oppose a Regional T-SPLOST.
2. Board's Pleasure

RECOMMENDED ACTION: Board's Pleasure

COUNTY ACTION REQUESTED ON: Hwy 84 Lift Station Pump Repair

HISTORY, FACTS, AND ISSUES: Hwy 84 lift station is a duplex station that is currently running on one pump. The pump that is out of service is a 70 horsepower Flygt pump. The county has a quote from Xylem Inc. to repair this pump for \$16,687.20. Additionally, the county has a quote for a new 70 horsepower pump from Xylem for \$48,244.00. Staff recommends the pump be repaired at a cost of \$16,687.20.

- OPTIONS: 1. Approve Pump Repair
2. Board's Pleasure

RECOMMENDED ACTION: Approve pump repair from Xylem Inc. for \$16,687.20

COUNTY ACTION REQUESTED ON: Bids and Contract for the Construction of a New Naylor Community Center

HISTORY, FACTS, AND ISSUES: The Naylor Community Center project was approved on the SPLOST VII referendum. Staff received bids on March 14, 2017.

Kellerman Construction - \$299,632.00 and 150 days
S.C. Barker Construction - \$330,400.00 and 150 days
Chuck Smith & Son Construction - \$338,180.00 and 180 days
Quillian Powell Construction - \$354,000.00 and 135 days

Staff has been working with the low bidder (Kellerman Construction) to value engineer the project. Currently, staff has value engineered a total amount of \$43,635.00. Staff is currently working on additional value engineered items with the contractor, but recommends moving forward with the contract at \$255,997.00 and future value engineered items will come as a deductive change order. Kellerman Construction has agreed to hold the bid price and current value engineered items until May 12, 2017.

- OPTIONS: 1. Approve Kellerman Construction's bid and contract for \$255,997.00.
2. Boards Pleasure

RECOMMENDED ACTION: Approve Kellerman Construction bid and contract for \$255,997.00.
