COUNTY ACTION REQUESTED ON: Hargray Telecommunication Services Agreement

HISTORY, FACTS AND ISSUES: AT&T (Bellsouth) has been providing the telephony services to Lowndes County via 2 PRIs since 2001. Lowndes County wishes to upgrade these services to a more current and less expensive service type called SIP Trunks. Hargray of Georgia, Inc. provides these and other telecommunication services that the County wished to purchase.

This agreement will provide: Telephony service to multiple locations via 3 SIP Trunks, to include Unlimited Long Distance; An emergency allocation of 100 additional phone lines available in 4 – 8 hours as required; High speed internet service at 3 locations. The locations are the South and North Lowndes Data center and the EOC.

- OPTIONS: 1. Approve the attached Master Services Agreement with Hargray and authorize the Chairman to execute that Master Services Agreement.
2. Redirect

RECOMMENDED ACTION: Approve the attached Master Services Agreement with Hargray and authorize the Chairman to execute that Master Services Agreement.

DEPARTMENT: Information Technology Dept.

Department Head: Aaron Kostyu

ADMINISTRATIVE COMMENTS AND RECOMMENDATION:

County Manager
