**CALL TO ORDER, INVOCATION, PLEDGE OF ALLEGIANCE**

Chairperson Rountree called the meeting to order at 5:30 p.m. and welcomed everyone to the GLPC meeting. Chairperson Rountree explained that the Planning Commission serves as an advisory (recommending) body to the local member governments regarding land use requests, and the final determination of the requests presented at this meeting will be made by the applicable local governments. Chairperson Rountree explained the meeting procedures and announced the dates of the public hearing for the local member government, as listed on the agenda.

Chairperson Rountree asked Commissioner McClendon to lead the Pledge of Allegiance followed by the Invocation.

**Agenda Item #2**

**Approval of the Meeting Minutes: November 30, 2020**

Chairperson Rountree called for additions, questions, and corrections of the November 30, 2020, GLPC meeting minutes. There being none, Chairperson Rountree called for a motion. Commissioner Bailey made a motion to approve the November 30, 2020, meeting minutes as presented. Commissioner Wildes second. All voted in favor, no one opposed. Motion carried.

**Agenda Item #3**

**REZ-2021-01 Knights Landing Ph. 5,** Bemiss Knights Academy Rd, 0145B 094, ±150 lots, 58 ac., County Utilities, E-A to R-10

This request represents a change in zoning on approximately 58 acres from E-A (Estate Agricultural) zoning to R-10 (Suburban Density Residential) zoning. The motivation for the zoning change is aimed at allowing for the continued development of a residential subdivision, adding approximately 150 single-family residential lots.

The subject property is in the Urban Service Area and part of the Suburban Character Area. Access to and from the property is gained off of Bemiss Knights Academy Road, a minor collector road, as well as Dutchess Court, Duke Court, Bishop Court, and Countess Court, each of which is

Speaking in favor of the request:

- Nancy Hobby

Ms. Hobby is the applicant, and explained she wanted to return the land to an agricultural zoning.

No one spoke against the request.

There being no further discussion, Chairperson Rountree called for a motion. Motion by Commissioner Wildes to recommend approval of the request as presented, Commissioner Miller second. All in favor, no one opposed. Motion carried.

**Agenda Item #5**

**REZ-2021-03 Johnston Subdivision**, 0195 053, Schoolhouse Pond Rd., ±20 ac., ±45 lots, R-1 to R-10, County Utilities

This request represents a change in zoning on approximately 21 acres from R-1 (Low Density Residential) zoning to R-10 (Suburban Density Residential) zoning, with a condition requiring a minimum of 15,000 square feet per lot per the applicants request, in order for a new residential subdivision of ±45 single-family residential lots to be developed.

The subject property is in the Urban Service Area and Suburban Character Area, with access to and from the property from School House Pond Road and Payton Place, both minor collector roads. Per Comprehensive Plan guidance, R-10 zoning is listed as a permitted zoning within that character area.

The request to have a minimum lot size of 15,000 square feet is based on market demand and to serve as a transition between neighboring subdivisions with lot sizes of 10,000, 21,000 and 43,560 square feet.

The TRC considered the request and had no objectionable comments. Additionally, Staff finds the request consistent with the Comprehensive Plan and existing land use patterns of the area.

The Commissioners had several requests concerning the submitted site plan with the application, the zoning of adjacent lots, interior roads, and similarity of proposed homes to existing homes.

Speaking in favor of the request:

- Jack Langdale

Mr. Langdale is the attorney representing the applicant and a member of the land-owning company. Mr. Langdale explained the project and stated this request is compatible with the surrounding area. The project will maintain the character of the area and the new homes will be comparable in size and appearance. The average size of the lots will be .7 ac. The project will have an architectural review board and restrictive covenants.

Commissioner Bailey had questions regarding the lot size and the concept plan.
